

The National Society of Black Engineers®

July 14, 2006

Dear Mr. Kwame Jackson:

It was indeed a pleasure and a privilege to have you as our Closing Session Keynote Speaker for The National Society of Black Engineers' 2006 National Leadership Conference- **"Rebirth: Experience the Transformation!"** in Palisades, NY. With premier conference Sponsor IBM, and a world class training facility this event was definitely one for the record books! **Words cannot express the impact that you had on our NSBE leaders and we have received so many accolades about your presentation!** This year was the first in a truly transformational experience for our leadership, and I am elated that you supported us in our Rebirth!

Your impactful words and real life experiences from both inside and outside of the boardroom provided an action base to bring about positive change. And as the collegiate and alumni leadership of a 20,000+ member society, we want you to know that **you have left an indelible mark that will last.** After four intense days of leadership boot camp and cross-functional training it was refreshing to have such an **Outstanding Man of Excellence** bring everything together and challenge our leaders **to Be and Do more**, and for that Mr. Jackson- we thank you!

You played a pivotal role in assisting and honing our leadership, and on behalf of the National Executive Board, and the 20,000 + members of our great society, we would be honored to have you back in the future! **Mr. Jackson please keep motivating, inspiring, and empowering individuals, you are truly gifted.**

We wish you continued success and we pray God's grace and blessings upon you always!

Best Regards,

Christopher J. Cooper
